

5

SICO Pacer Table Series

- **Tops never touch the floor** whether in the use or stored position. Sico tables are either standing on their legs or on their wheels.

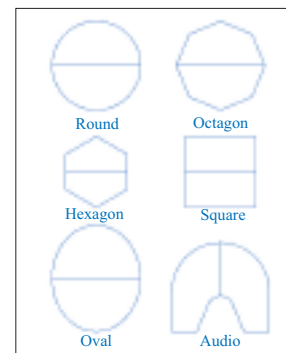

- **Innovative lock bar.** Releasing the lock allows for a gentler opening. Operable from either side of the table.

- **Recessed legs and horizontal support frame** means less bumping of legs.

- **Wheels are off the floor** in open position, and table rests on its legs. The wheels engage only in folded position.

- **Square tube legs give extra strength.** One-inch (25mm) 16-gauge steel square tube leg is 63% stronger than one-inch round 16-gauge.

- **14 gauge square steel centre support** gives greater strength while preventing damage to tops at centre.

- **Round, oval, octagon, square, hexagon, rectangular & audio central.** SICO Pacer Tables are available in a variety of shapes to give your food service area variety.

6

SICO LB Mobile Folding Table

- **Perfect for food service, meetings, banquets, conferences, studying and testing.**

- **No trucks for storage.** Stores on its own four wheels, nesting together compactly.

- **Torsion bar assist for easy handling.** One person can fold and roll any size LB.

- **Faster set-up take-down.** Folds in seconds and ready to roll to its next use or into storage.

Top shape	Top dimensions	Top heights	Storage dimensions single unit LxW	Weight
Rectangular LB Table	1503mm x 751mm	610mm, 660mm, 690mm, 740mm	751mm x 435mm	34kg
